

GIVE SOMEONE A MUSEUM GIFT CARD AS A PRESENT

You could give it for a birthday, a special holiday or just for fun: you'll make any (art) connoisseur happy with a Van Abbemuseum gift card. The gift card allows the recipient to make a personal choice, for example, for a beautiful article from the museum shop or entrance tickets to the museum.

Whatever you choose, it's always wonderful to give a gift card.

HOW IT WORKS:

- You determine the value of the gift card yourself. In our webshop the price of the gift card starts at 10 euros. You can also purchase a gift card at the ticket counter or in the museum shop for any value from 10 to 250 euros.
- The gift card is valid for three years after purchase and can be used for making purchases at any time.
- The gift card that is purchased cannot be exchanged for cash.
- The remaining sum left on the gift card is also valid for three years after purchase.
- The gift card can be used in the museum shop, at the ticket counter of the museum or for online tickets.
- For the online purchase of tickets at <https://vanabbemusuem.nl/ticketshop> you can scan the QR code with your phone. You can use that code in the shopping basket.
- When you purchase a gift card you receive a bill showing the sum of the purchase and the date. You can keep the receipt with the gift card. You should keep the number of the gift card somewhere safe in case it is lost or stolen.
- If you would like to know the balance or validity of the gift card in the meantime, you can contact the office via +31 40 2381097 or send an email to ticketshop@vanabbemuseum.nl. If you provide the card number of the gift card you will be notified as soon as possible.
